Presentation

The international tournaments are often reserved for the professional clubs of elite, and did the leaders of the club of Montoire say themselves one day "and why not an international tournament intended for the clubs amateurs which will have thus a unique opportunity to meet ? "

And thus for 13 years, the Stade Montoirien Football (Montoire, France) has organized, at the moment of Pentecost, an immense football tournament (with seven players) opened at all the categories of young people, from U7 to U17, and "female over 16".

If the local or regional teams are strongly represented, other more remote clubs also come to take part in the festival: the Breton ones, the Alsatian ones, the Parisian ones...

... but also of the foreign teams in particular from Belgium, of the Netherlands, of England, of Germany or sometimes even of Japan!

Competition of mass and not of elite, Intertournoi it is during 2 days, approximately 150 teams, 1300 players, 10 grounds, 30 referees, 80 volunteers, 250 trophies and other rewards...

But it is before all a great festival of Football placed under the sign of the sportivity and fraternity.

New since the 2005's edition, a female tournament for "more 16 year's old".
